EXCHANGE PROGRAM INFORMATION

Courses

Most courses are taught in Korean, but a variety of courses are offered in English. The list of courses taught in English will be available one or two months prior to each semester. The list will be sent to all accepted exchange students by email with instructions on course registration. **Exchange students can take up to 18 academic credits per semester.** If students would like to learn Korean language, they can participate in the Korean Language Program during the semester at a 30% discounted price.

* If students plan to take major courses, they may need an advanced level of Korean language proficiency (TOPIK levels 5-6), particularly for departments such as Architecture, Nursing, Early Childhood Education, Korean Language & Literature, and Fisheries Education, etc.

Credit Transfer

All our courses are credit-bearing courses and are acknowledged by most universities and institutions. However, students should consult with academic officials in their home universities about credit transfer before the program begins. It is the students' responsibility to consult properly, and it is their home university's authority to decide on the credit transfer.

* 3 Credit Hours: 45 contact hours

* 2 Credit Hours: 30 contact hours

Housing

All exchange students are automatically assigned to a room (shared) in on-campus dormitories. The dormitory fee for one semester (four months) is **around KRW 1,750,000** which includes three meals per day at the cafeteria. Students can find accommodation outside the campus if they want.

* You will receive the payment bill when you check in. **The payment has to be made only in KRW cash**, so please **make sure you have enough KRW** when you arrive in Korea.
